

# Invitation

**10.00am – 11.00am, Thursday, 18 May 2017**

**Tenants Queensland** and **City Futures Research Centre, UNSW Sydney**, have developed a groundbreaking new indicator of rental vulnerability by postcode across Queensland.

The first technology of its kind in Australia, the new Queensland **Rental Vulnerability Index** is an interactive online mapping tool that will use current data and technology to highlight which Queensland suburbs have the most vulnerable renters.

The new software will play a vital role in delivering and planning Queensland Tenant Advice and Referral Services across the state.

*Please join with us and the Minister for Housing and Public Works and Minister for Sport, The Honourable Mick de Brenni MP, to learn about this cutting edge technology and how it will help our most disadvantaged Queenslanders.*

**Venue:**

Logan Central Library  
26 Wilbur Street, Logan Central.

**RSVP to [executiveofficer@tenantsql.org.au](mailto:executiveofficer@tenantsql.org.au)**

numbers limited
