TPAS SCOTLAND NATIONAL ANNUAL CONFERENCE 2019

4-6 DECEMBER 2019 • FAIRMONT HOTEL, ST ANDREWS

SUCCESSFUL DANCING IN PARTICIPATION NEEDS

COMMITMENT

Commitment is your solid core, keeping your participation steps together, and keeping you gliding towards success. See how commitment is infectious, how synchronised actions successfully improves services and communities and catching the "glitter bug" spreads sparkles to every corner.

TAKING ON NEW CHALLENGES

Ideas and imaginations of willing tenants and staff are the essentials for taking on the new challenges of the pasa doble or cha cha cha. Your people's sparkle can outshine any lack of cash or numbers (although they're nice to have). Hear about successfully taking on new challenges via your truly sparkling people!

LEARNING NEW SKILLS

Whether a rumba or a samba getting those steps right, practicing and making them your own is a joy. Some get it quick, quick, others need a bit more time but we can all progress when we're choosing the new skills to benefit us!

HAVING FUN

Having fun, whether jive, waltz, foxtrot, quickstepping or jigging attracts new rhythms to your dance. Come jiving, waltzing and jigging at the STRICLY TPAS Scotland National Annual Conference 2019 and get the rhythms of your community's heartbeat.

No one does it like TPAS Scotland!
