

The European Responsible Housing Awards (ERHIN) are an occasion to highlight the best in public, cooperative, and social housing, showcasing how **sustainable, affordable, and community-driven** homes can shape the future of our communities.

Are you a [#housing](#) provider that has an amazing project that went the extra mile and deserves recognition? Then we are waiting for your application for the European Responsible Housing Awards 🏆

The Awards offer well-deserved recognition for outstanding achievements in the **not-for-profit housing sector** in Europe, creating an opportunity for networking with like-minded practitioners and experts, and a platform to advocate for increased action.

What makes these awards special? The Jury is predominantly made up of tenants' union representatives, ensuring that the voices of residents are at the heart of the decisions!

The housing projects will be allocated into six categories, based on the **Code of Conduct**: <https://www.responsiblehousing.eu/code-of-conduct>:

- Management excellence for housing affordability
- "More than a roof" – supporting communities of equal opportunities
- Agents of green transition, leaders of innovation
- Building strategic alliances, fostering community participation
- Empowering the team, fairness, and diversity at work
- Going the extra mile for safe and sound living

Does your proposal fit one of the categories? The call is open!
