

Interactive Conference: Energy Renovation for Affordable Housing – From Local Experiences to European Policies

How can energy renovation contribute to keeping housing affordable in Europe? What role do local experiences play, and how can they be integrated into European housing policy?

 On **March 26, 2025**, the International Union of Tenants will discuss these questions with policymakers and experts at the **European Committee of the Regions in Brussels**.

The [Policy Recommendations](#) on building energy renovation from the [Franco-German Future Forum](#) will serve as the foundation for this discussion.

 [Register Now](#) and share the invitation:

What to expect?

- ◆ Discussions with experts on EU affordable housing policy
- ◆ Concrete local solutions for cost-effective and sustainable renovation strategies
- ◆ Networking with key EU stakeholders

 **Location:** European Committee of the Regions, Brussels

 **Time:** 11:00 AM – 1:00 PM, followed by a networking lunch

 **Languages:** DE, FR, ENG (with interpretation)

We look forward to your participation and exchange!
